Take a break from the beach and margs in Cabo because it's not every day you can enjoy private tennis lessons with famed instructor, Pablo Martínez. As a former Association of Tennis Professionals world tour player and an instructor recognized by the United States Professional Tennis Association, the European Registry of Tennis Professionals, and Registro Profesional de Tenis—Pablo is a BIG deal. He can also help you improve both your mental and physical skills on the property's two Laykold courts that overlook the Sea of Cortez, #casual. And when you're not at practice, you can go back to sipping the aforementioned libations at their beachfront pool, or sign up for a champagne tasting and salt pairing on the Champagne Terrace.
